

# Report on the Education Sponsorship Program Supported by Savera, Denmark

**30<sup>th</sup> August 2017**

**Prepared by:  
Vikas Kumar  
Tara Projects Association**

With the continuation of the education sponsorship program at Tara, we are thankful to Saveria, Denmark to provide sponsorship support to 21 more needy children particular the girls from J.J. Colony Bawana, a resettlement in Delhi NCR. Tara aspires to encourage the children to continue and attend their schools regularly. Since the children cannot afford to pay the tuition fee, Tara has been running several learning centers in Delhi, Uttar Pradesh and in Haryana. The learning centers are providing remedial education support based on values. Tara is also in direct contact with the parents. They are often counseled by Tara team and teachers. They are encouraged to send their children to school on regular basis and take benefit from the learning centers.

**The sponsorship children provided the education material and nutritional food**

We are highly thankful to Saveria, Denmark for providing and continue the valuable financial support to the sponsored children in JJ Colony, Bawana in Delhi in 2017.

**Christmas Celebration in the center**

**Computer education center in Bawana area**

Through our learning centers, we are making efforts to raise awareness amongst the parents and the children about the importance of education for their better future. Awareness generation sessions are organized on several issues such as: child rights, importance of values in our lives and life skills. The various learning tools are adopted to increase their awareness level of the children. The results had been positive so far and we have succeeded to impact the lives of many children in a positive way.

The parents-teacher meetings are also organized now on regular basis. In these meetings, parents were informed about the progress made by their children and the importance of support needed from them. This helped to develop confidence amongst the parents and the students.

**Session with the parents of the students**

In the year 2017, the children were provided stationeries - notebooks, pencils, geometry box, pens, eraser, sharpener, drawing material, water bottle, lunch box, and recreational material like Badminton, Bat, Ball, Football, skipping ropes, ludo, chess, carom board and other playing material. The food like paddy/rice, wheat cereal, jiggery and other items were also distributed amongst the children.

**Session with the education sponsored children in progress**

The informative sessions were also organized for the students on protecting the environment protection, planting the saplings, the importance of values in our lives and life skills. We are happy to realize that these actions were result oriented in a positive way.

**Students from Badarpur and Bawana center are playing games in the picnic**

On behalf of sponsored children, teachers, parents and Tara, we take this opportunity to thank Savera for their continuous support provided. It has certainly raised the awareness among children and their parents about the importance of education. The awareness has also resulted in enrolling more children in the learning center as well as mainstreamed in the schools.

**Education sponsorship children supported by Savera**

In the words of Mahatma Gandhi, **“The future depends on what we do today”**. Children are the future of this world and we strongly believe that our actions are meaningful for their better future and for a peaceful world.

**August 2017**
